

## Wireless presentation HDMI dongle

The wireless presentation dongle allows to share content (e.g. videos, applications) from your computer to an iiyama 42-series LFD with the EShare app pre-installed. It is compatible with computers equipped with HDMI (version 1.4) and USB outputs and supports smooth video streaming up to 1080 p.

To use the dongle, you also need theEW-7811UTC wireless dual-band mini USB adapter connected to the LFD. You can buy it separately or choose the KIT version which contains both products.
